

THE INTERIOR JOURNAL.

VOL. XXXIII.

STANFORD, KY., FRIDAY, MAY 19, 1905.

NO. 23.

HON. THOMAS H. PAYNTER.

The INTERIOR JOURNAL, to-day presents a good likeness of Judge Thomas H. Paynter, of Greenup county, present judge of the court of appeals and democratic candidate for United States Senator. Judge Paynter is serving his second term as judge of the court of appeals and is heretofore invincible. He served three terms in Congress and was elected to the bench while serving his last term. During his service on the bench he has shown himself to be an able, painstaking judge, always on

A personal conversation with a number of the jurors in the Hargis case disclosed the fact that had there been a conspiracy instruction they would have voted for acquittal all the same. One of the most intelligent of the jurors and the one whom most people thought would vote to convict if there was any possible chance, said he did not think Judge Hargis guilty of any crime whatever, from the proof, and he was glad to say so after hearing the evidence. The fact of the whole business is that if Judge Hargis had been an ordinary man and had not been high in democratic councils, the bitter fight that has been waged against him would never have been made. The whole republican party was arrayed against him and it is said that its campaign fund was used to encompass the overthrow of the one man who stands in its way in the 10th Congressional district. Of course we know nothing of the truth of the rumor, but certain things lend at least suspicion that there is something in it. —Frankfort Journal.

The deepest gold mine in the world is at Bendigo, in Australia. The mine in question is called the New Chum Railway mine, and its main shaft is sunk to the depth of 3,900 feet, or only 60 feet short of three-quarters of a mile.

The chief problem in working this extremely deep mine is how to keep the tunnels and general workings cool enough for the miners to work in. The temperature—usually about 105 degrees—is terribly enervating, and to enable the men to work at all a spray of cold water is let down from above and kept playing continually on the bodies—naked from the waist upward of the miners.

Chamberlain's Cough Remedy the Very Best.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Thibb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by Lyne Bros., Crab Orchard Ky.

A Marblehead fisherman reports hearing, while out one day in the bay, this bit of repartee between Thomas Lawson and a young woman, evidently no respecter of persons.

As Mr. Lawson, in a nuptial launch, passed the rowboat containing the girl she called out: "Hullo, Tom, how's copper?"

Instantly came the retort: "First rate, how's brass?"—Boston Herald.

Thirteen hours and a half constitute the working day of a Chinese mill hand in the cotton factories, though in some of the mills there is a night shift working but 10 hours. In spite of the long hours the pay is very small, the best workers receiving but 12 cents a day.

Mrs. Blankenship is quite ill from the effects of rheumatism.

James Smith, of near Green River, went to the home of his daughter-in-law, Mrs. Frank Smith, in search of a plow which he claimed she had. On finding the plow and starting home with it, Mrs. Smith came out on Mr. S. and emptied the contents of a shotgun into his side, when he dropped the plow and with considerable difficulty managed to walk to his home, a mile or more. Dr. Singleton, of McKinney, was called and dressed the wound. At last accounts the wounded man was getting along very well.

C. H. Baker, whose health has been failing since Christmas, left with his son Ula, Thursday, for Kenesaw, Neb., in hopes that the change will improve him. Mart Surber and wife and J. B. Floyd have gone to Kingman, Kas., where they expect to find employment during the harvest season. John Spiers and daughters, Misses Minnie and Lena, after spending about two months with relatives in Morgan county, Ill., where they went with the intention of locating, have returned. Messrs. Hall and Baugh with their families, of near Science Hill, visited the family of Eph Young. Miss Hannah Meier, who has been at Danville for some time, and Miss Emma Meier, who has been at Corbin, are both at home now. Jake and Ira Cook, of Somerset, were with the homefolks Sunday. Greenup Baugh and family, of near Eubanks, are visiting at Logan Bryant's. Harlan Newell and family, of Somerset, visited the families of E. G. Baugh and J. R. Carrier last week. Hugh Young has gone to Louisville. J. R. Carrier, who went to Indiana to work in a stone quarry, mended his foot and had to come home. Mrs. Thomas Carrier, who was bitten by a copperhead snake some days ago and was dangerously ill, is getting along nicely now.

ALL SETTLED.—"Papa, can't we afford it?"

The young and beautiful girl looked appealing up into the eyes of her fond parent.

"I have set my heart on the Duke," she said.

"My dear," said her kind papa, "you perhaps do not realize what you ask. In the first place, the Duke wants a million down. Then there are so many incidentals. He expects me to have the castle done over, with new plumbing throughout. Then his debts will have to be paid."

The girl was silent. She loved her father. To see him suffer was torture to her young soul. Finally she said:

"Papa, do you think you could arrange it in, say, a couple of years?"

The old man thought.

"Yes," he said at last, "I think it might be done. Why, my dear?"

In answer his daughter flung her arms around his neck.

"Then, it's all right," she exclaimed impetuously. "I have just seen the Duke, and he says he can be bought on the installment plan."—Life.

The Interior Journal.

E. C. WALTON.

WE are under obligations to the Frankfort Journal for the cut of Judge Thomas H. Paynter, which appears on our first page. As is well known, Mr. Paynter is a candidate to succeed Senator J. C. S. Blackburn and to a man up a tree it looks like he is going to do so. He is even a finer looking gentleman than his picture makes him, is one of the very ablest lawyers in the State and is a democrat from head to foot. The judge has never known defeat, and he has made several races, however, not as many as our Senior Senator, and here's hoping he will be Eclipse in the race he has recently begun.

CHRISTIANITY and bustles have at last struck Africa, says the Glasgow Times. Rev. Dr. A. W. Halsey, secretary of the Presbyterian Board of Foreign Missions, has returned from a tour of Congo, and says: "Christianity is making advances in Africa. The natives are becoming excited over it. The most interesting persons we saw in our journey were the women. They wear leaves tied about their waists, tied with hemp and a bustle of the same material."

EDITOR HARRIS, of the Adair News, keeps mouthing about his personal column. We will agree to almost anything if he will let up. In fact we will admit that personals are as important as his heavy weight editorials, if he just will give us a rest on the subject.

HENRY CLEWS, in nominating 22 of the richest men in the United States, puts Rockefeller at the head of the list with \$500,000,000. Carnegie coming next with half that amount. The amount of tainted money in this country is simply awful.

MR. R. E. HUGHES, the clever secretary of the Louisville Commercial Club, has our thanks for a passport to the club's doings. In short he has made us a Press Member, an honor we are very grateful to him for.

THE Kentucky State Journal has already enlarged to a six-column quarto and the improvements that have been made since Mr. Walton took charge would fill a small volume.

THE St. Louis girl who was given a verdict for \$13,500 against a rich Pittsburg for breach of promise says there is no balm in dollars for a wounded heart.

State Revenue Agent A. M. Harrison says he is informed that the Caleb Powers defense fund has reached \$186,000. He will make an investigation and if he finds it true will file suit to subject it to taxation.

Just as the Baptist convention, in St. Louis, was about to adjourn for the day, Rev. Dr. Cushing, president of the Baptist University at Rangoon, India, was stricken, while sitting on the rostrum, and died before medical assistance had arrived.

President Samuel Spencer, of the Southern railway, in an address before the National Association of Manufacturers in Atlanta, criticised the proposition to regulate railway rates by law and pointed out that it was but a step from the regulation of prices of manufacturers' products.

There was a sensation in the divorce of Dr. Elias H. Porter in Cincinnati when Judge Swing declared that no decision would be rendered till the 12 year old daughter of the parties is produced in court, and drew from his pocket a sealed envelope, deposited with him by the father when the suit was filed, revealing the secret of her present domicile.

POLITICAL.

Oregon's recently passed whipping-post law became effective yesterday.

It appears to be a certainty that Dr. A. D. James, United States Marshal for the Western Kentucky district, will be reappointed by the President.

Former Gov. Benton McMillin, of Tennessee, stated yesterday in an interview that he did not expect to be a candidate for Governor of Tennessee next year against Gov. Cox.

Vice and immorality and cruelty to patients have prevailed, the report says, until nearby citizens have been outraged by the conditions.

Hon. Took Hubble, of Lincoln county, was in the city Monday mingling with the court day crowd. When seen by an Advocate reporter and asked if he would have opposition for the Senate he said: "As yet I have heard of none, and the indications now are that I am to have a clear track. At any rate the district is for me, and whether I have opposition or not, I am sure to win the race."—Advocate.

At the meeting of the State Dental Association which will convene in Lexington Wednesday and Thursday of this week, Dr. W. W. Burgin will give a clinic, or in other words a practical demonstration on a patient on crown and bridge work. There will be 16 clinics given, only four of which will be performed by dentists outside of Louisville. That Dr. Burgin has been selected as one of these is an evidence of his ability and his standing in his profession.—Richmond Register.

MATRIMONIAL.

Austin W. Hall, a widower of 58, and Mrs. Elizabeth Phelps, a widow of the same age, were married at Millledgeville yesterday.

Mr. and Mrs. W. H. Wilkinson announce the marriage of their daughter, Miss Etta, to Elma Jones, of Louisville, Casey News.

Traveling hundreds of miles to wed the man of her choice, Miss Ethel O. Waddle, of Adelaide, Australia, was married yesterday to the Rev. Ira A. Paternoster, a student at the College of the Bible of Kentucky University.

Terrific Face With Death.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and to-day I am cured of all my troubles." Guaranteed at G. L. Penny, Stanford, and Lyne Bros., Crab Orchard, drug stores; price 50c.

NO CHANGE.—Mr. J. S. Hocker, acting for our citizens, wrote to General Manager B. M. Starks, of the L. & N., asking that in the event the dispatchers' office is moved from Livingston that it be located here. In reply Mr. Starks wrote: "No such change is contemplated. The office as at present located, it is thought enables the train movements to be provided for to the best advantage. We appreciate the interest displayed by your people in seeking the location of the office at Stanford in the case a move is to be made."

M. Spoonamore has gone to Indiana for a few days. Mrs. Mamie Hansel, of Mt. Vernon, is visiting her father and mother, Mr. and Mrs. E. B. Miller.

A Good Suggestion.

Mr. C. A. Wainwright of Lemon City Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pain in the stomach, colic and cholera morbus by taking it in water as hot as can be drunk. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by Lyne Bros., Crab Orchard, Ky.

"Alcohol," observes Dr. Wiley, "is fuel which furnishes motive power to the human machine." Indeed, yes, Doc, but the barroom gasoline almost invariably makes the human machine exceed the speed limit and land in the gutter.—Louisville Times.

McKINNEY ROLLER MILLS.

I offer for sale my mill and residence in McKinney, Ky. Mill has four capacity of 50 barrels and meal 160 bushels per day. Mill is well equipped with modern machinery in good repair. Has storage capacity of 5,000 bushels of wheat; also large corn bins and cribs. Wagon scales operated from office, coal bins and ice house. All under roof. Never falling water in mill lot. Mill is within 100 feet of Cincinnati Southern R. R. track and has private siding. The location is good for the following reasons: McKinney is nearest market to many of the largest wheat and corn growers in Lincoln county, large territory furnishing custom grinding. The feed and coal business in connection with mill pays well. No trouble to market all products from mill. Residence is a two-story, six room frame, with claret on back porch. Silk house at back door cemented; all comparatively new. Large barn, buggy house in mill lot. On account of my failing eyesight and health generally, my physicians have advised me to quit the milling business. For further particulars call on or address Dr. Edw. A. Alcorn, Hustonville, Ky., or W. B. McKinney, Stanford, Ky. MISS JENNIE McKINNEY, McKinney, Ky. Administrator.

Gentlemen, Your Attention Please!

Our remarks are usually addressed to the ladies, not because we don't like men, but because we are "more funder" of the ladies. But to the subject we have something worthy of your attention. We have the sole agency in Stanford for the James Means Shoe for men. They are made to give the best value ever offered in Men's Shoes at \$2.50 and \$3.50. There are many many shoes sold at \$3.00 and \$3.50 that are no better. The workmanship is excellent and the material is A 1. We have them in Black, Tan and Patents in Shoes and Oxfords. Try us on the next pair you need.

Mr. Stephens' home was in Danville, but he came here to attend the sick bed of his wife, who was visiting her daughter, and who became ill. Besides the wife and daughter mentioned, Mrs. Will Scott, of Danville, survives Mr. Stephens. Deceased was born in Warren county and all of his long life had been spent in this State. He was a splendid old gentleman and his friends all over Kentucky will learn with deep regret of his death. He had been a member of the Baptist church for many years and died firm in the faith of that church's teachings. At 3 o'clock yesterday afternoon a large concourse of friends followed the remains to Buffalo cemetery, where after a few timely remarks by Rev. O. M. Huey all that was mortal of the kind husband and indulgent father was gently laid away.

JOINT TEACHERS' INSTITUTE.-The joint committee appointed by the teachers of Lincoln, Boyle and Garrard met in the office of Supt. Singleton at Stanford to complete the arrangements already partly entered into for holding a joint institute at Junction City. The roll showed representatives of all the counties present. The work done by Prof. T. A. Hendricks as joint chairman was approved. It was determined that the institute be held at Junction City, the week beginning Aug. 7. Prof. Roark was employed as chief instructor and it was determined by the committee that the services of Mrs. E. E. O'cott, of Danville, Ind., be secured as assistant instructor if she is not engaged for that week. Should her services be not available, further action was left to the committee, which then adjourned, subject to the call of its chairman, Prof. T. A. Hendricks. The meeting was very harmonious and everything foreshadowed a most successful gathering at Junction City. Prof. J. E. Mannix, sec'y. pro tem.

The patrons of the school and public generally are invited to the musical and literary functions.

MENEFEE.-Mrs. Susan Ann Menefee, the aged mother of Mr. John N. Menefee and Mrs. T. D. Newland, of this place, died suddenly of hemorrhage at the home of Mr. Menefee late Wednesday afternoon. She was one of the oldest women in the county and had she lived until the 10th of next month she would have celebrated her 81st birthday. Mrs. Menefee was a Miss Lynn and the relict of Mr. Winfrey Menefee, who died in 1870. She was a most estimable woman and the many kind deeds done during her long sojourn on earth endeared her to all who knew her. Truly can it be said of her that those who knew her best loved her most. For years Mrs. Menefee was a consistent member of the Baptist church and was a regular attendant at the services of the church as long as her health would permit. Besides her son and daughter mentioned above she is survived by Mrs. M. F. Herring, of the West End, Mrs. C. B. Sampson, of Mercer, and Mr. J. L. Menefee, of Kansas. In the absence of Rev. O. M. Huey, Rev. L. M. Omer conducted funeral services at the home Wednesday afternoon and the burial followed in Buffalo cemetery. Rev. R. R. Noel assisted in the services. Thus another of Stanford's oldest citizens passeth from life unto death, leaving many relatives and friends to mourn the loss of her.

Four of his colts are on my farm, which will

speak for themselves and can be seen at any

time. I will also at the same place stand my

fine Jack, BLACK HAWK, 2-year-old last,

13 1/2 inches high. He will serve a limited

number of mares at \$10 insurance living colt.

Money due when colt is foaled or mare

traded or parted with. Not responsible for
